County Commissioners' Committee on Court House and Jail

WILL ORDER NEW FILING CASES

For the Office of County Clerk, Though the Movement for the Same Purpose was Milled Off at a Recent Meeting of the Board-An Expenditure of Over \$4,000 That Involves the Throwing Out of

Notwithstanding the fact that less than a month ago the board of county commissioners killed the movement for the purchase of new steel filing cases for the offices of the circuit court and mittee on court house and jall has revived the subject and will recommend to the board that filing cases for the county clerk's office be purchased at a

When, at the meeting of the committee on court house and jail, yesterday afternoon, bids were opened from three concerns for the placing of the filing least one member of the committee was greatly surprised. He, like other peo-

greatly surprised. He, like other people, thought that the matter had been effectually squelched when the board sat down on the movement at the last meeting in February.

The bids were from three concerns, the Baker Company of Rochester, N. Y., through its agent, Mr. Hildebrand. of Pittsburgh; the Barnes Safe & Lock Company, of Pittsburgh, and the A. H. Andrews Company, of Chicago. According to Hildebrand, when here in February, it would do no good to secure bids from other concerns, for "they're all in a trust." Evidently this was true, for the bids of the Barnes and Andrews companies were not as low as that of the Baker company, and only the latter was considered, seriously by the committee.

figures being obtained in an irregular way:

The Baker Company—Filing cases for the county cierk's office, \$4,300; for divisions C and D. \$1,783.

Barnes Safe & Lock Company—County cierk's office, \$4,700; circuit cierk's office, \$4,700; circuit cierk's office, \$4,700; circuit cierk's office, \$4,500; day of the county cierk's office, \$1,800.

A. H. Andrews Company—County cierk's office, \$4,500; divisions C and D. \$1,840; circuit cierk's office, \$4,600.

Divisions C and D, mentioned in the bids, are open spaces in the county cierk's office vault, where new filing cases can be placed without moving out the present equipment of wooden cases. At first the committee discussed the matter of purchasing only these two sections of cases, and paying the bill out of the balance left in one part of the court house and jall committee's appropriation for the present fiscal year, the balance footing up about \$3,000.

Later the committee adjourned to the commissioners' room, from Clerk Mot-

year, the balance footing up about \$2,000.

Later the committee adjourned to the commissioners' room, from Clerk Moffat's office, not allowing the presence of the reporters, and decided to buy the complete outfit for the county clerk's office room the Baker company, at an outlay of \$4,300, and causing the throwing away of an equipment of wooden filing cases that were the best that could be had ten years ago, and are in excellent condition to-day. The committee decided to pay \$2,000 on this contract out of its surplus in the appropriated funds of 1896, and request \$2,000 in the appropriations for the fiscal year of 1897, which begins May 1, for the payment of the balance.

There is some uncertainty as to just how this matter will finally be disposed of. It will be remembered that at the February meeting of the board, the fling case recommendation from the committee on court house and just was appropriated to have been killed by a ref-

February meeting of the board, the filing case recommendation from the committee on court house and jail was supposed to have been killed by a reference back to the committee, with the provision that whatever should be done should receive the approval of the finance committee when it passed on appropriations for the coming fiscal year.

The proceedings of yesterday's meeting of the committee on court house

ing of the committee on court house and jail were difficult to obtain in an unabridged form for the reason that the committee passed a resolution that nothing of its doings be given to the press.

Just how it was that three companies was the companies before the filing cause.

"A BARGAIN AND SALE"

Is What "Citizen" Says the Deal for New

In pursuance of a decree of the circuit court of Ohio county, West Virginia, made in a cause therein pending, to subject the real estate of James Mulroy, deceased, to the payment of his debts, you are required to present your claims against the estate of said James Mulroy, deceased, for adjudication to teorge K. Boyd, commissioner, at his office in said county on or before the James of April, 1918, clerk of the said court, this inth ay of February, 192, fel5-f. C. Jt. HENNING, Clerk. Filling Cases Appears to by.
To the Editor of the Intelligencer,
SIR:—I desire through the columns of
your paper, to give a note of warning to the members of the board of county commissioners, who again propose a raid commissioners, who again propose a raid on the county treasury. If all reports are true, the committee on court house and jail to-day, at their meeting, propose to tear out, the present shelving und files in the vault of Clerk Robertson's office, which are as good as new, and put in steel ones, at an expense of over \$4.000. Is this outlay needed? Has any one outside of the men who expect to do the work asked for 167 I have been informed by a member of the board that the agent who, by his blandishments, induced the court house and fall committee to approve his scheme, and try to force it through the loard, said to two members of the board who

opposed the scheme, that they were right, that it was not necessary and that the present shelves and files were yood enough to last for years.

I cannot believe the board will approve of such a thing. If the county has so much money, why not pay off some of the dabt incurred in building the new fail?

Why are these gentlemen so persist-

Why are these gentlemen so persistent?

I want to say this with all the emphasis I can put on words, the members of the board who vote to approve this infamous project will be marked. Their course will not meet with the approval of their constituents or the tax payers of Ohio county. There may be no bargain and sale in this, but people will think, and suspicion will attach to anyone who votes for this jo the board. If the board should approve of this work, I think it is the duty of the tax-payers to take steps to stop it by legal proceedings. These gentlemen may think that as Mr. Dobbins is now sone; they will have plain salling, but I mistake the make-up of the members of the board who oppose this, It they allow this extravagance.

I trust there will be such a sentiment aroused between now and the meeting of the board that not a man will have the boldness to vote for it.

Again I say, gentlemen, beware what you do. You are only the servants of the people, and the people always find some way of disposing of unfaithful servants.

CITIZEN.
